ACT® Fee Waiver Program: h h h h h h h c c h c c

A student may use the fee waiver to register for one ACT National test date for the year noted on this document, up to the deadline noted.

Each fee waiver has a serial number printed in the topright corner. Instructions for submitting the serial number online can be found on the fee waiver.

## h h c

Students may use a maximum of four separate fee waivers. Use of additional fee waivers will be denied. A fee waiver is considered used once the student registers, even if the student does not test on the requested date. If a student does not test on the registered test date, the student may apply the used fee waiver toward a future test date registration fee but will need to pay the associated change fee. Altered, copied, or obsolete forms and requests on letterhead will not be accepted.

Students cannot use the fee waiver to receive a refund for a test fee that they already paid.

Students cannot use a fee waiver to pay for additional fees, products, or services. Students must pay any fees not covered by the fee waiver with a credit card before submitting the registration.
